You Honor

In these six pages there are three pages of three messages that Amazon sent me telling me that they removed the three ASINs: from the movie En Medio del Dolor, as I asked in July 2020, and one from Udu Digital when they also removed the movie En Medio del Dolor on February 27, 2021, just as I asked.

If I would have signed an agreement that Marie Adler could infringe my copyright like she is stating, she would've also sent that agreement to Amazon and Udu Digital for them to resell the film. So now she is trying to scam me with a distribution agreement, which was the agreement that I signed, which she cheated me, because in more than six years she has not given me a penny.

The distribution contract is very different from you violating my copyright to take ownership of my film for which I worked hard to make.

Adler & Associates Entertainment, INC. has put it in many countries without giving me a penny, delaying my career, because of this I have not been able to produce another movie even though I have 28 scripts written, because them has taken over it.

I declare UNDER PENALTY OF PERJURY that:

1. I am the owner, or an agent authorized to act on behalf of the owner, which owner's name is

Jorge Movie Productions ("IP Owner"), of the following copyrighted work:

"Heart of Pain", a.k.a. "En medio del dolor", a motion picture directed by Luis Corporán, written by Rafael Jorge and starring Carlos Quezada, Luis Brian Mesa, Carasaf Sánchez, Danilo Reynoso, Josph Estarlin Morel, Betty Belle Batista, Miguel Ángel Martínez and Mario Núñez.

2. I have a good faith belief that the content described below and being made available to end users of the Company's products is not authorized by the IP owner, its agent, or the law, and therefore infringes the IP Owner's rights:

All instances in which the motion picture, in whole or in part, is available to customers/viewers of UDU Digital's services.

Where does the alleged infringing material appear? Please provide sufficient information to help us locate the content you are reporting.

According to a document provided by the motion picture's former distributor (Adler & Associates Entertainment), "Heart of Pain" had been made available to customers via the UDU Digital platform.

Please describe how the content infringes your or the IP owner's rights (this question may assist us with processing your claim and eliminate the potential need for follow-up questions should your notice be unclear):

The contract between Jorge Movie Productions and Adler & Associates Entertainment was canceled in July of 2020 due to the distributor's failure to make payments to producer and because they had ceased sending the required quarterly financial statements. Any instance where Adler & Associates Entertainment or its subdistributors continues to distribute "Heart of Pain" after July 2020 is an infringement on our exclusive rights.

3. I acknowledge that this Notice, including my contact information, may be provided to the channel application developer and/or service provider associated with the alleged infringing content.

4. I may be contacted as follows:

My Name: Rafael Jorge

My Telephone: 413-657-6939

Company or Other IP Owner (if different from me): Jorge Movie Productions
